

Road Construction
2024

MDOT State of Michigan

I-75 Trowbridge Rd: Both I-75 bridges will have roadway rebuilt.

Southbound lanes I-75 began March 18, to be completed before Memorial Day
I-75 fully open Memorial Day to Labor Day

Northbound lanes I-75 to begin September 3, to be completed by November 15
This work will cause single lane traffic with crossover to opposing side of Highway while bridges are being worked on.

No detour on I-75 required for normal traffic.

While there will be some lane closures and delays, Trowbridge Rd. will remain open to Wolverine.

Webb Rd. exit 301:

Both bridges to be rebuilt, structural beams and roadway decks.
Exit and entrance ramps will remain open, but no access between Schultz's and Wolverine.
Work to begin around April 15, to be completed around August 9.

MDOT cannot detour I-75 traffic onto county roads.

MDOT Signed Detours:

Schultz's to Wolverine: Take I-75 north to Indian River exit, then I-75 south to Wolverine exit.
Wolverine to Schultz's: Take I-75 south to Vanderbilt exit, then I-75 north to Wolverine exit.

Cheboygan County Road Commission

S Straits Hwy: Repave from Haakwood Rd. to Berry Creek Rd. This project has not yet been scheduled. Most likely will overlap with Webb Rd bridge project. No detour but there will be single lane traffic with flagmen.

Nunda Township Road Millage projects

Lance Lake Rd: Molineaux Rd. to Trowbridge Rd. and Ericsons Rd. To Timberline Rd.
Additional gravel to build base. Currently in progress, should be complete by April 1.

Will try to schedule 2 applications of dust control brine. 1st prior to Memorial Day,
2nd prior to Labor Day.
